GREAT LAKES RESEARCH CHECKLIST

Prepared Cooperatively by the
Great Lakes Commission, Rackham Bldg., Ann Arbor, Michigan
Great Lakes Research Division, Institute of Science & Technology, University of Michigan

No. 3 - December 1960

Fourth Conference on Great Lakes Research Scheduled for April 1961

The Great Lakes Research Division of the Institute of Science and Technology of the University of Michigan is sponsoring the Fourth Conference on Great Lakes Research to be held at the University in Ann Arbor on April 17-18, 1961. The purpose of the conference is to facilitate enchange of information among those engaged in research on the Great Lakes. In addition to the presentation of volunteer papers, a panel discussion is to be organized around a problem area of immediate and general interest. The entire program will be announced at a later date.

A call for papers has been sent to universities and other organizations in the United States and Canada. Interested persons who have not been contacted may receive full information by writing to Dr. Charles F. Powers, General Chairman, Institute of Science and Technology, Great Lakes Research Division, Room 1119 Natural Science Building, Ann Arbor, Michigan.
